

## **The Nu Dream** - by Peter Kelly, Down to Earth Music

### VERSE 1

It's a picture of a new world  
Where no one ever lives in poverty  
It's a picture of a new world  
Where all of us can live in harmony

### VERSE 2

It's a picture of a new way  
And the road is clear as long as we give love  
It's a picture of a new day  
Do your part and build a world we're all proud of

### CHORUS

It's a Nu way It's a Nu life  
Walk a Nu road Live a Nu life  
Take a step and find the way to make a change  
Turn your head and make a choice to rearrange  
Take a step and find the way to make a change  
Turn your head and make a choice to rearrange

### VERSE 3

See a vision of a new path  
One that leads us to better thoughts and goals  
Feel a new sense with a new hope  
Where fears no longer fill our hearts and souls

### CHORUS

It's a Nu way It's a Nu life  
Walk a Nu road Live a Nu light  
Take a step and find the way to make a change  
Turn your head and make a choice to rearrange  
Take a step and find the way to make a change  
Turn your head and make a choice to rearrange

### VERSE 4

See a picture of new world  
Where no one ever lives in poverty  
See a picture of a new world  
Where all of us can live in harmony

### CHORUS

It's a Nu way It's a Nu life  
Walk a Nu road Live a Nu light  
Take a step and find a way to make a change  
Turn your head and make a choice to rearrange  
Take a step and find a way to make a change  
Turn your head and make a choice to rearrange  
Turn around and realize — we've got to change
